POLICY NUMBER 33

1 Policy Statement

It is the Policy of the College to allow students an opportunity to appeal against any assessment decision where they feel that the assessment procedures have not been properly conducted or where they believe that the decision is unfair.

This applies whether the assessment event or decision is:

- Formative or summative
- Graded or ungraded
- Made by an individual assessor or a course team with or without internal verification.

All efforts should be made to resolve problems using the Informal Procedure described in Stage 1 in order to avoid the need to involve the Formal Procedure described in Stage 2.

2 Scope

This Policy and procedure apply only to internal assessments. It does not deal with external enquiries for which the awarding bodies have published their own Appeals Procedure.

3 Legislation

The Human Rights Act 1998 applies to the operation of this policy.

4 Responsibilities

All staff have a responsibility to give full and active support for the policy by ensuring the policy is known, understood and implemented

5 Actions to Implement and Develop Policy

Informal Procedure – Stage 1

Any student wishing to question an assessment decision should bring the matter to the attention of the assessor as quickly as possible and certainly within one working week of receiving the assessment decision.

If the assessment decision results from a Module Assessment Board or Course Team meeting, the Course Leader will explain the meeting decision to the student.

If agreement cannot be reached, the assessor should bring the situation to the attention of the Course Leader who should arrange for a second assessment of the permanent evidence (script, report, recording, artefact, etc) if this has not already been undertaken as part of the College internal verification processes.

In consultation with the student and in light of any additional opinion obtained, a decision may be made to:

- (i) Accept the original decision.
- (ii) Modify the decision.
- (iii) Re-assess the student practically or verbally.

This should take place within two weeks of the original decision being questioned and, in all cases, written evidence of the decision to retain or modify the student assessment mark must be recorded

If having completed all the above, the student believes that there are still grounds for appeal then the Head of School / Department should be informed in writing and the formal procedure described in Stage 2 should be invoked.

Formal Procedure – Stage 2

On receiving written notice of the appeal from the student, the Course Leader and the student should complete Section 1 of the Candidate Appeal Form (CA1), the Course Leader assisting the student as necessary.

Within one working week the Head of School/Department will convene an Appeals Panel. The Panel shall consist of at least three people and should include a member of staff external to the School and nominated by the relevant Principal.

The Panel shall meet to review the evidence available, consider whether further information is required and act accordingly. The following should be included if appropriate:

- (i) The permanent evidence of assessment.
- (ii) Section 1 of form CA1.
- (iii) Evidence from a second assessor, where the student work has been second marked
- (iv) Evidence from an internal verifier, where the student work has already been through the internal verification processes prior to the informal appeal
- (iv) Whether any equality issues have influenced the original assessment, whether these have been raised by the student within their submission or not

When all necessary information is assembled the panel will meet to consider the case. All information will be provided to the parties prior to the hearing. No new documentary evidence will be accepted subsequently unless it is agreed by all parties.

The student and the assessor or Course Leader will be invited to attend to present or clarify any evidence. The student may be accompanied by a friend if necessary.

The panel must reach a decision within three working weeks of the notice of appeal and inform the candidate both orally and in writing.
Section 2 of the form CA1 will be completed by the Panel Chairperson.

Records of the appeal are to be retained on the course file and transmitted within one week to the Awarding Body External Verifier or Moderator through the College centre coordinator. The decision of the College Appeals panel is subject only to change by the Awarding Body. The learner has right to appeal directly to the awarding body, in accordance with timescales specified by the awarding body, if they are not satisfied with the outcome of the appeal raised with the College.

Commented [SA1]: Added as requested

After the student appeal process to the Awarding Body is completed, if the student remains dissatisfied then the student should be advised by the Awarding Body that the matter can be referred to:

Ofqual
<https://www.gov.uk/government/organisations/ofqual/about/complaints-procedure>

or

Office of the Independent Adjudicator for Higher Education
<https://www.oiahe.org.uk/students/how-to-complain-to-us/>

Note: If the Assessor is a Course Leader and the assessment is in dispute then a staff member in a more senior role should take their place in this procedure.

6 Monitoring & Evaluation

The Senior Management Team will monitor the minutes of meetings of the HE Operations Group, or the School Course Team minutes to ensure the correct operation of the policy is undertaken.

The SMT will also receive termly reports on formal appeals received and their outcomes.
